# Welcome

to the first National American Speckle Park Show and Sale, located at Cattleman's Congress. It has been a process of ups and downs setting up this event, but we are FINALLY here!

The Speckle Park breed has been taking the world by storm, and it is now time for the United States to join in. Within our sale offering you will find endless options to start or expand your program. High quality cattle and frozen genetics are what we went for, and I feel like we achieved that and then some. There is something for everybody, and I cannot thank the consignors enough for making them available.

Do not miss out on this historic event! Here is your chance to secure elite genetics and be the neighbor that is talked about, not laughed about.

See you all in Oklahoma City January 4th!

*Cole Keyser*

## In Memory of Keith Kissee

Keith was someone who was all gas and no brakes for the Speckle Park breed. It almost seemed like a mission for him to get this breed not only to be a household name in the United States, but to be a beef leader. He spent countless hours on behalf of promoting the breed, and it has surely shown proven results.

Passionate is a great word to describe Keith, and that was in everything in life. From cattle to his art collection and friendships, he always gave it 100%. He left a mark with every single person he ever met.

Keith passed away this year, but his memory lives on with everybody he ever met. This sale was his baby, and I only hope he looks down upon it and is proud of what came together!

Here's to Keith, a pioneer of the breed, a friend, and someone that will truly be missed.

**Consignor: Timely Manor Speckle Park**

Caution...Cuteness overload! Timely Manor in Blairs, Virginia (formerly in New Jersey) began in the Speckle Park business over a decade ago. We are happy to offer the Pick of this past Fall's Heifer Calf Crop. This allows you to select your 1 young Beauty from 9 eye-appealing purebred heifer calves that will fit anyone's taste with coat colors from black to speckled, to white with black points. All 9 Candidates are sired by Heavenly Acres Giovanni 1G (a paternal brother to a record-setting heifer who sold for \$100,000 in Australia), who goes back to some of the foundation sires at River Hill and on the maternal side goes back to one of the original lines of cattle Highway 4 Speckle Park. Their Dams are easy-going, easy-to-work-with animals backed by good cow families. All 9 in the lineup come from some of the most productive and bountiful-producing cow families with proven genetics at Timely Manor. These 9 Choices offer you the opportunity of a positive addition to your breeding program or show circuit.

**Purchaser's choice must be made by March 31, 2023.**  
**Purchaser(s) is responsible for all shipping costs.**

JoeQuin has been part of our show team the last two years. Collecting a first in class at Agribition last year. He's always been super easy to work with and fun to show. In the working world he's everything we look for in a bull. Good footed, big scrotal, easy moving and perfectly structured. He's a bull that will go on to produce sound quality offspring. We've had multiple offers on him but decided to save him for this exciting sale. If you're looking for high quality genetics with an outcross Legacy herd-sire here is the bull for you.

**Consignor: Golden Leaf Speckle Park**

Joker has been on our radar since birth. Sired by Andchris Domino, he packs plenty of power into a free moving, structurally correct package. With his dam going back to River Hill's 25U cow family, you can't go wrong with this calf. Sure footed, thick from end to end with plenty of scrotal circumference. He will work as a herd bull in any operation.

**Consignor: River Hill Farm & Codiak Acres**

**HERD SIRE ALERT!!** Kodak Moment 212K was meant just for that! Out of the high selling female at the Sunrise dispersal that RH and Codiak Acres purchased together for just this type of progeny. By the very exciting Godzilla sire that is making a strong impression on the breed with his first couple of calf crops. The paternal grandam is the famed RH Whistler 38W that has been leaving sale topping and show winning progeny all over the globe and the MGS is Codiak Oscar which produced the breed leading Putnam and many others. A stacked pedigree with a quiet demeanor not taking away from the ample muscling, sharp front end and above average sexual traits. A very unique opportunity to gain color and power in your future calf crops. A very exciting prospect bull to use in your PB program or to breed for future jackpot steers and heifers. **Selling 100% possession and interest.**

**Consignor: Spot-R-None Speckle Park**

Mystique was an Embryo purchased from the INC Cattle Co., born healthy and lively on a cold March Day on the Spot-R-None farm. Regardless of the cold she thrived and was a steady weight gaining heifer. Mystique was going to be the next 4H project, and the friendship began. Mystique is very use to the show routine of washing, blowing, fitting and travel. I think at times she believes full well she is a princess. Mystique competed in all 4-H shows of 2022. She won a second place at the Speckle Park Show at Agribition in Regina SK. in 2021. In a Junior show she won "Reserve Grand Champion" for all other breeds in Purdue Saskatchewan. This powerful heifer is long with a deep barrel, well balanced and moves out with ease. Her amazing udder will make her a great cow along with her easy-going style. Mystique was ultra-sounded and is due to calve approximately April 20, 2023, bred to INC Turning Point 46H - [CAN] 12474 who is Polled, Color Black and NON-Carrier.-PB. Mystique will make a wonderful maternal addition to any herd for years to come.

Jojo is a feminine female that is smooth in her making. She moves well and is structurally correct. Her dam raised her as a first calf heifer and did an outstanding job. Her dam is a big barreled female that has an exciting future ahead of her. When her sire Frontman was a calf, he was the Champion Bull calf at Edmonton Farmfair. Jojo is bred to our junior herdsire Jumbolia who is a smooth fronted bull that has good performance and large testicles. Exposed to Moovin Zpotz Jumbolia 23J April 21-June 3, 2022. Vet opinion is bred May 21, 2022.

BRF Phoenix 001K is a heifer that is sure to impact any herd. She is sired by Notta 110B Chilkoot 301F and her dam is Notta 307E Phoenix 207H, who won Reserve Junior Champion Female at the CWA in 2021. BRF Phoenix 01K carries many of her mother's traits - deep-bodied, elegant fronted, as well as a gentle disposition. She has plenty of look and style, and we are excited to see her influence on the Speckle Park breed.

This heifer was destined for my front pasture but with an opportunity to put my best foot forward in Oklahoma, I thought why not sell my favourite. Kaleidoscope is free moving, with the dimension, power, and style that give her that come hither look. She has a sweet and curious personality and has enjoyed the fall show run. Her pedigree is packed with genetics working across many programs and continents with Logic, Royal Flesh, Traffic Jam, Whistler, Striker, Sailor Boy, Take A Chance, Xia-Chance and Cinder as her lineage I'm confident that she will continue the legacy and become a great foundation female in her own right. Combining the proven genetics behind this young girl with the eye appeal she has to offer, this heifer will be an excellent front pasture, donor-type cow!

### Consignor: Graham Creek Ranch

Graham Creek Farryn 002K is the quality of heifer that will become a foundation cow to build a herd from. Eye appeal, quiet disposition, growth and over all structure that we strive for. She is a calf with tremendous length not sacrificing depth of body blended from a tidy feminine front end. She won her junior class in the Manitoba Ag-Ex show this past October. This will be the first female progeny from Farryn 77F we have ever offered, as well as the first ever progeny we have offered from River Hill Horatio 005H. 005H is a bull that will be revered in years to come, stamping his calves with growth performance, added frame and style. This is a bull with standout presence and his first calf crop is turning heads. 77F is a powerful young cow that has a nice clean udder, high milking ability keeping herself in great condition throughout the year. She is deep sided, solid footed and very fertile. I don't normally write a novel but this calf deserves one. Make no mistake about it, we are bringing our absolute best 2022 heifer our eye holds.

Kashin Out is from our most consistent high producing cow line. We have 3 76X daughters in our own herd with more daughters working throughout Canada and Australia. She is a long spined, smooth made, showy female who will turn into a front pasture cow with a beautiful udder. Her pedigree is full of greatness coming from our Grand Champion Winning bull Electric. If you're looking for a heifer you can show and turn into a top producing donor cow this is the one for you.

**Consignor: Golden Leaf Speckle Park**

Sired by A&W 15R out of Codiak's phenomenal Teresa 12T, Journey's pedigree says it all. She is a feminine, easy keeping heifer that moves out free on both ends. A long-bodied female with plenty of eye appeal, she is destined to be a front pasture cow. She is a tough one to let go. Pictures do not do this one justice, come see her in Oklahoma City!

Lot 21

# KEITH KISSEE MEMORIAL

## Junior Scholarship Fund

Not only was Keith Kissee an industry visionary and a passionate cattleman, he was a good friend to many. Keith was instrumental in introducing the Speckle Park breed into the United States and he played a huge roll in helping create the American Speckle Park Association. Losing Keith so suddenly remains a shock to us all, but as his friends we will not let his memory fade. Greenwood Speckle Park, River Hill Farm, KFC Farms & INC Cattle Company are proud to donate some of the finest frozen Speckle Park genetics available anywhere in the world in order to create the Keith Kissee Memorial Junior Scholarship Fund. This program is open to all American juniors 21 years old and younger who share Keith's dedication and who endeavour to showcase and grow the Speckle Park breed in the United States. These outstanding genetics will sell at the inaugural National Speckle Park Sale at Cattlemen's Congress in Oklahoma City, Oklahoma January 2023. All proceeds will go to and will be administered by The American Speckle Park Association. Let's help finish what Keith started.

All of us at River Hill were very deeply saddened by the passing of Keith Kisse. He left a wake everywhere he went and you had to appreciate all of the hard work, time and dedication he put into everything he put his mind to. RH is honored to donate into this legacy program. The embryos RH has put forth are nothing less than topshelf genetics that will make a major impact for many generations to come. Alexia-Jade 59A and Moofassa on the dam side with the major international sire of Logic L11 these embryos will have growth, muscle and a look that will hold your eye. Dam is Homo Black Homo Polled and Single Myo. Sire is Homo Polled Homo Black and Non Myo. May this program be the kickstart to a junior program to last for generations. RIP Keith we miss ya.

I hope you're sitting down when you read this... if not, find a chair. Never before in the history of the Speckle Park breed has an opportunity such as this been offered. Internationally renowned INC Havana 101F has been paired with the Beast of the North, INC Talladega 11J. Many consider Havana one of the premiere females in the world of any breed and INC Talladega has been described as "The direction in which the breed needs to go." A tremendous herd sire joined with an incredible cow. Nothing more needs to be said.

Future 20F is a bull with tons of added shape, length and neck extension. Phenotypically, Future is flawless, admired most for the perfect foot under him and the elegance of his smooth stride. A calving ease sire with extremely high rates of gain, he will work on just about any female out there. Calves sired by Future are on the ground at Greenwood Speckle Park and have stayed very characteristic to Future himself; big hiped, wide topped, and high performance. He is one of the most exciting young sires with a promising future ahead, use him with confidence that he will produce both high performance and banner chasers.

### Consignor: Inc Cattle Co

We would dare anyone to find a herd sire with more length, consistency or better leg & foot structure than Premier 101Y Logic L11. If you're looking to improve testicle size or soften temperament, Logic is the hands down choice. This outstanding New Zealand bred bull has had such a positive influence on our program, we would be negligent not to share it with our American friends. Performance bred and built to produce great results.

## 30 D.A.M. DOTS JOKER 24J - SEMEN

**30B - 5 straws of sexed semen (female)**

Joker is thick and deep and we really admire him on the move. Take this package home and make some heifer calves! Qualified for Australia too.

## 32 INC TALLADEGA 11J - SEMEN

### Consignor: Chris Polzin

This performance bred bull has an ass two axe handles wide, a top like an airport runway and more rib than a Louisiana BBQ. Beautiful extension and very smooth. Talladega's high end frame score ensures he will mature into one of the biggest bulls in the breed. The time has come for a bull like 11J. Described as Rob Harasymchuk at INC Cattle Co as the best calf to ever come out of their program, I would not take those words lightly! US Qualified.
